

STARTLING!

The Boundary Line Will Come 60 Miles Further North than at Present.

Cochise and Pima Counties Will Belong to the State of Sonora.

Tombstone Will be on the Line and Land Grant Titles Will be O. K.

EL PASO, Feb. 14th.

ED. PROSPECTOR.—Having noticed many extracts from the PROSPECTOR in relation to the boundary survey and the probable change of the line, I have taken pains to find out something regarding the proposed re-survey. The Americans of the party are not inclined to talk on the subject. Whether they know anything about the future probability I am not able to say, but from the Mexican side I learn that there is a strong feeling that the line will run between 50 and 75 miles further north from its present location. It is well known in Mexican official circles that the present proposition to re-survey the line was engineered by the Mexican congress and acquiesced in by the American congress.

The line is claimed to have been located originally with deference to the wishes of a few land grant owners who in turn disposed of their holdings after being taken into the United States. The job, it is claimed, has been exposed and the Mexican surveyors have explicit instructions to contend for every inch of ground belonging to Mexico. The Mexicans are convinced from the tone of their conversation that Tucson, Tombstone, Yuma, Bisbee, Nogales and San Diego in California, will become a part of the state of Sonora when the new line is drawn.

A Sheep Sale.

Messrs. W. H. Bayless of Kansas and J. W. Berkley of New York have purchased Mr. Kay's sheep and ranch in the Santa Catalinas. The purchase included 3,000 head of sheep and several ranches. These are the same parties who own large stock interests on the San Pedro under Bayless, Berkley & Co. It is said that they purchased the sheep as a matter of protection as they were beginning to trespass on their stock ranges. A. J. Crowley is the resident agent and manager of the company, Francis J. Heney the attorney. It is a strong company under good management, which means success to it. Mr. Kay will again embark in mining. The sum he realized from his sale was \$10,000.—Star.

A New Organ.

The new Mason and Hamlin organ for the Presbyterian church has arrived, much to the gratification of those interested in the church. The old organ gave out some time ago and the ladies of the church were very desirous of purchasing a new instrument that could stand the test of our dry climate, and in fact be thoroughly reliable in every way. From among all the organs discussed, the Mason & Hamlin was chosen. But it was feared sufficient means could not be raised to purchase the organ desired. A generous donation from a friend in California materially increased the organ fund, and it was further aided by a contribution from the Union Mission Society of Auburn, New York. Through this society the organ was purchased, and the Mason & Hamlin Co. made a liberal discount on its catalogue price of \$220. The organ meets all expectations and is the most complete instrument of these series of organs, having five octaves, fourteen stops, seven sets of reeds, etc., and the tone full and rich and is capable of a great variety of expression.

Sales of cattle are again in progress. Mr. Holt, the Montana buyer, has purchased about 3000 head on the San Pedro river. Of them about 1000 will be furnished by J. Crowley, 600 by the McKinney ranch and 500 by the Columbia Cattle company. The remainder of the three thousand head will be made up from other ranches. The shipments will be made early in May. The price paid is \$10.50 for two-year-olds and \$13.50 for three-year-olds.—Citizen.

Nogales Notes.

(Advertiser.) A new boot and shoe factory has been opened in Nogales, Sonora, with Jose Pacheco as proprietor. Additional and new machinery are daily expected. It is the purpose to manufacture boots and shoes for men women and children.

The new steamer of the Carmen Island Salt Co has already left San Francisco for Mazatlan, and is expected to arrive in Guaymas by the last of the present month.

L. Poschell & Co. prominent merchants of Nogales Sonora and Hermosillo have established a store in Guaymas. They have a factory in Hermosillo for the making of men women and children's clothing in which they employ about thirty persons.

The Nogales, Sonora public school is in receipt of a new and complete set of furnishings; seats, books, maps, etc. The edifice is a large one and would be a credit to any city. The authorities employ only the most highly recommended teachers and take great pride in maintaining the school and keeping it in first rank of the educational institutions of Mexico.

District Court.

February 17th.

Cochise County vs Ritter—Order made continuing case till first day of next regular term of court.

Buckalew vs Salazar—Motion heard to set aside attachment on ground of insufficiency of bond, and continued to 18th inst to allow affidavits to be filed on part of defendant.

H. Trappman was admitted to citizenship.

Feb 18

J. P. Camon vs R. B. Clark, demurrer argued, briefs ordered filed before demurrer is finally submitted.

Howard vs. Howard, default entered referred to clerk to take testimony.

Herbert Fountain was made a citizen of the United States.

February 19.

Buckalew vs Salazar—Sureties ordered to justify on bond within three days from date.

Anderson vs Anderson—decree and custody of two minor children granted plaintiff.

Woyschintsky vs Woyschintsky—decree and custody of child granted plaintiff.

Blackledge vs Blackledge—decree and custody of two children and \$100 counsel fees granted plaintiff.

Reilly vs Berry—appellant ordered to file bond within ten days.

Writ of habeas corpus denied in case of J. Nemo.

Watervale Mining Co vs Leach and Gage—It being shown to the court that W. H. Stilwell, plaintiff's attorney is ill, the case is continued for the term. Also ordered that plaintiff be given five days to file supplemental showing why injunction should be granted, and it appearing to the court that injunction has not yet been issued it is ordered that if such satisfactory showing be not made within five days that the order for injunction be rescinded.

Linstrum—Harrington.

Mrs. Kate Linstrum and Cornelius Harrington were united in marriage at the Palace Hotel yesterday afternoon by Justice Johnston. Mrs. Linstrum is the widow of Clum Linstrum who was killed by Douglas a few years since, for which Douglas is serving a life sentence in Yuma prison. Mr. Harrington is the well known rancher on the San Pedro river. The friends of the newly married couple will wish them a future of happiness and prosperity.

Yuma Sport.

A ten thousand dollar race at Yuma one Sunday a short time ago resulted in one man's horse getting beat and his owner losing all he had. The sequel appears in the Yuma Times which says:

"Suit has been commenced by J. M. Molina against John Stoffels to recover his bet made on the race two weeks ago. He asks for the recovery of the one-story brick building and lot on main street and \$2000 cash. The complaint avers that the consideration of the property is illegal and in addition that the race was run on Sunday. Mr. Molina has retained Baker and Campbell and Samuel Purdy. The case will come up at the April term of the District Court."

Of the total 10,832,000 lbs of hennipen, or Sisal hemp, exported from Progreso, Mexico in Nov. 1891, 5,469,000 lbs went to Boston and 3,687,000 to New York.

From Thursday's Daily.

City council will meet to-night in regular session.

Very few cattle are being shipped from Benson at present.

The Indian company at Huachuca have commenced learning to drill with arms.

Court will adjourn on Saturday unless something unforeseen happens to prevent.

Quite a number of citizens are preparing to go to Guaymas during the approaching carnival.

Mrs. Bessie Blum of Bisbee, the cattle baroness of Cochise county, paid Tombstone a visit yesterday.

Joe Bignon has moved several houses from the corner of 8th street to his place on 6th street near Fulton.

Two shots were fired by some one about midnight last night, but no one was hurt, according to the latest returns.

The Bisbee mail did not get to Tombstone yesterday. It either stopped over at Fairbank or went on to Benson.

Henry Etz is in Tombstone purchasing hides. He has succeeded Rosenberg of Benson in that line of business.

C. W. Maxon, formerly of Tombstone is the agent of the Gila Bend Irrigation Co, with headquarters in Los Angeles.

James Rounder, a Bisbeeite was released from the county jail today after serving 14 days for insulting a lady at Bisbee.

The Nogales Advertiser says the mining firm of Smith & Co., operating in Sonora, is to put up a twenty stamp mill in Sahuaripa district, Sonora, near Lampasas.

Notice has been received from the superintendent of Wells, Fargo & Co., San Francisco that service to Florence and Globe, will be discontinued as soon as route agent Crum arrives to close up the business. The reasons given for this action are the frequent robberies of the express.

Geo. W. Cheyney will leave tomorrow to attend the Trans-Mississippi convention to be had at New Orleans next week. He will represent Arizona by appointment of Gov. Murphy.

In addition to other appropriations for a representation at the World's Fair in Chicago, Mexico will appropriate sufficient funds to have each state represented by a newspaper editor.

Last September was the largest month's shipment of steers from Chihuahua to the City of Mexico, ten thousand. They were purchased in Chihuahua at \$16 per head.—Advertiser.

Col. R. F. Hafford, of Tombstone, has the finest collection of birds and animals on the Pacific Coast. Gertrude Hafford, whom everyone in Tombstone loves, is ever ready to extend the hand of welcome to the needy.—Gazette.

James Coyle went to Phenix from Stein's Pass to attend the funeral of his wife. The two sons of deceased also arrived in time to follow the remains of their mother to their last resting place.

The thermometer registered 73 degrees yesterday, which was the warmest day in nearly three months. The mercury has not gone below 45 degrees at night for three nights past, which is good growing weather.

The Huachuca Sentinel says that one of the officers at Huachuca has invented an instrument which will not only read the shots upon the target, but describes the exact location or o'clock of the shot. He illustrated a lecture and used this instrument and demonstrated its utility. All were greatly interested in the results shown, and the explanation given.

Fred Herrera came in last night in response to a message sent to him that he was wanted at once to testify in the Ritter case in which the county is plaintiff. He rode 25 miles, ruined a good horse and shortened his own life by several years, only to find when he arrived that an order had been made continuing the case till next May. He is considering the economical side of the question, whether he will be better off to wait in Tombstone till next May or take the ride over again in the spring time.

IT CANNOT COME.

The Reason Why Foreign Silver Can Not be Dumped in Our Mints Under Free Coinage.

The coinage committee in its concise report in favor of free coinage of silver made plain to the most obtuse mind why the silver of foreign countries cannot be profitably shipped to the United States and coined into American silver dollars. A part of the argument is here produced:

"The familiar warning that free coinage would cause shiploads of silver to be brought here and dumped at our mints in exchange for gold is still urged, but under the proposed law shiploads of silver brought by foreigners would be coined into silver dollars, and these dollars returned to him, but he could not go to the treasury and demand gold for them, as, according to the bill, the government can use its pleasure in paying in gold. He would then ascertain that he committed a blunder in bringing silver to our mints where it is worth 3 cents on the dollar less than at home, and that he loses this 3 cents and the cost of transportation besides. He cannot buy gold with the money, or gold exchange, unless gold and silver are at par. He will either have to invest the money here or carry it home again. Nations of the old world, seeing this, are predicting calamity instead of prosperity as a result of a free coinage law here."

The report quotes from the report of ex-Secretary of the Treasury Windom for 1889, in which the Secretary took the position that no danger need be apprehended of a flood of European silver.

COUNTY RECORDS.

BRANDS.

Jose Padillo, JP connected. P. O. Fairbank.

OATH OF OFFICE.

Of N. A. Gilman, as Assessor for 1892.

APPOINTMENT.

Of J. Cogswell as deputy assessor by N. A. Gilman.

LOCATION.

Prairie Dog, Dos Cabezas district—D. Waughtal, H. P. Newton, J. J. Saville.

Lone Jack, Crown Point and Blue Bell, Dos Cabezas—J. J. Saville.

Minneapolis, Dragoon mts.—J. S. Johnson, I. B. Hamilton, Mary Tack.

SATISFACTION.

Of lien of J. H. Norton & Co, on property of Cooper Brothers.

A Lot of Queer People.

William Harman, a resident of Titusville, Pa., committed suicide a few days ago from a melancholy conviction that he was his own grandfather. Here is the singular letter that he left: "I married a widow that had a grown-up daughter. My father visited our house very often, fell in love with my stepdaughter and married her. So my father became my son-in-law and my stepdaughter my mother, because she was my father's wife. Some time afterward my wife had a son; he was my father's brother-in-law and my uncle, for he was the brother of my stepmother. My father's wife—that is my stepdaughter—had also a son; he was, of course, my brother and in the meantime my grandfather, for he was the son of my grandfather. My wife was my grandfather's mother, because she was my mother's mother. I was my wife's husband and grandfather at the same time. And as the husband of a person's grandmother is his grandfather I was my own grandfather."

HOTEL ARRIVALS.

BISBEE COLUMN.

Feb. 15th.

A SHOCKING ACCIDENT.

A Mexican woman living near the O. K. corral, known as Clara Joe, was the victim of a horrible accident, on the night of the 14th, which will probably result in her death. She fell asleep, leaving a lamp burning on a stand by her bedside. In some manner it was thrown on the floor and broken, and before the poor creature was aware of danger the bedding was a mass of flames, and had it not been for the heroism of "Panama" who rushed to her rescue, she would have undoubtedly perished. Dr. Wright was immediately summoned and at once alleviated her agony, but found her beyond the hope of recovery. Much credit is due to Claud Lewis for timely assistance. This is a third accident of a similar nature, which has occurred in this neighborhood within a year past, two persons having been burned to death.

NOTES.

Tom Molino, the Mexican whose skull was so seriously fractured in a fight, on Saturday night, is not likely to recover.

Hon. Sam F. Webb came in on Monday's stage. Sam still continues in his delusion that the Democracy contains a large quantity of political virtue than the Republican organization and also of better quality.

J. W. Howell and Ben Williams leave this morning for a trip down in Sonora. They will be back in about ten days.

Some petty sneak thief has lately been visiting Mr. Williams' refrigerator, but last night he had a very narrow escape. He will meet with a warmer reception if he returns.

Feb. 16.

A. & S. E. NOT TO BLAME.

The delay of the mail to and from Tombstone is not the fault of the A. & S. E. as stated heretofore, but the fault of the postmaster at Fairbank who fails to perform his duties, as the mail is delivered at his office in ample time to be changed and made ready for stage or train. The registered mail also coming from east and west is often delayed one day in that office for no other apparent reason than neglect of duty. This matter should be taken in hand by proper officials and the proper medicine administered.

ANOTHER COMPLAINT.

ED. PROSPECTOR.—The Tombstone mail is always put in separate package here, and only needs to be taken out of one sack and thrown into another. It would take not more than sixty seconds. Unfortunately we have no means of sending by express from here.

THE SLIPPER TRADE.

One of the leading clerks in the Copper Queen store is a little out of sorts these days. A young woman stylishly dressed and fair to look at has for the past few days been among the customers who patronized the dry goods counter. The gentleman referred to is ever gallant and obliging with the fair sex and never for a moment would he credit the idea that any of the dear girls were capable of doing the abominable deed act. His mind is changed. She of the blonde hair and gay attire whose face is her fortune, effected the purchase of a pair of slippers from him on its radiance, and took the next train to Fairbank. And now if you wish to get him real hot, ask him how the slipper trade is.

NOTES.

Mr. Paddock, president of the San Luis Mining Co., came in from Nogales on to-day's train.

Mrs. J. F. Campbell returned to-day after an absence of several months in the east.

Jack Shearer came in from the Chiricahua mountains yesterday.

Walter Henson has purchased a cent.

four-mule team and taken a contract for hauling wood for Pete Johnson.

Harve Davison and Bill Waterman left yesterday for the Chiricahua mountains to haul lumber.

Sheriff Kelton came in on to-day's stage, carrying terror to the few evil doers in our peaceful burg.

Miss Edith Hughes returned from Tombstone to-day, where she has been nursing her sister's family through an attack of the grippe in that unhealthy climate.

John Scott, a Bisbee boy, was thrown off a hand car and run over, but was not seriously hurt.

The Bisbee Sunday School held a meeting at the hall last night. They are practicing for a concert to be given next Monday night.

The following notice is posted on Lewis Williams' fence: "To the man who makes periodical raids on my larder: You are invited to continue, but beware of consequences of buckshot.—LEWIS WILLIAMS."

The coming event of the season is the Leap Year ball on Feb. 29th. Boys, are you in it?

Herman Lillquist who runs a car in the mine met with an accident Tuesday night. While pushing a car filled with ore to the shaft it jumped the track and struck his right foot, crushing the toes so badly that amputation of three at the first joint was necessary.

Some sneak thief paid a visit to the "change room" of the miners, took as a souvenir of his visit a \$45 suit of clothes and a \$15 pair of boots belonging to Peter Peterson, one of the shift bosses. He then went to the Holbrook and broke into the tool chest belonging to one of the men.

A VALPARAISO cablegram to the Herald affirms that plots to kill both President Montt and General Canto have been discovered and thwarted.

How have the mighty fallen: Louis Clovis Bonaparte, son of Prince Lucien Bonaparte, is in prison at London, charged with being implicated in a \$100,000 jewelry robbery.

THE Bland silver bill fixes the ratio of silver to gold at 16 to 1, that is the silver dollar shall contain 412½ grains of silver and the gold dollar 25.8-10 grains of gold, which means that there are 16 times as many grains of silver in the dollar as there are grains of gold in the gold dollar. This means standard coin which contains the alloy.

THE "crowded condition of our hotels" is the title of an editorial in the Tucson Star. On the next page is an account of a wholesale liquor dealer crowding one of his customers by putting the sheriff in charge. How thankful we who live in Tombstone should feel that we have so much elbow room.

At last Mr. Ephraim of the Promontorio mines, Sonora, has secured a very low rate for the shipping of his ores in bond to Swansea via New Orleans—\$19.95 per ton—and will in future ship about all his ores to that point. Three weeks from time of shipping at Nogales the ores will arrive at destination. Mr. Ephraim claims that a saving of about \$8 per ton is made by consigning to Swansea instead of Denver.—Advertiser.

The Butchers Gazette of San Francisco has the following to say regarding the beef market in that city during the week. It cannot be but encouraging to cattlemen: "Wholesale butchers in this city, though many of them made the attempt, failed this week to reach 8 cents for prime beef, though Oakland butchers have been paying that price freely to Berkeley slaughterers. The general run from No 1 to prime in this city was 7 to 7½ cts for steers and 6½ to 7 cts good cows and heifers. The poorest stock which brought cows or stags, brought six cents.

NEW DISCOVERY by ACCIDENT

In compounding a solution a part was accidentally spilled on the hand and on washing afterward it was discovered that the hair was completely removed. We at once put this wonderful preparation on the market and so great has been the demand that we are now introducing it throughout the world under the name of Queen's Anti-Hairline. IT IS PERFECTLY HARMLESS AND SO SIMPLE ANY CHILD CAN USE IT. Take the hair out and away the nuisance for a few minutes and the hair disappears as if by magic without the slightest pain or injury when applied or ever afterward. It is unlike any other preparation ever used for the purpose. Thousands of LADIES who have been annoyed with hair on their FACE, NECK and ARMS attest its merits. GENTLEMEN who do not appreciate beard or hair on their neck, find a precious boon in Queen's Anti-Hairline which does away with shaving, by removing its future growth an utter impossibility, ascertained from observation. Send money or stamps by letter with full address written plainly. Cash remittance strictly confidential. This advertisement is bound and straight to send in every word it contains. We invite you to deal with us and you will find everything as represented. Call, out and register your letter at any Post Office to insure its safe delivery. We will pay \$1.00 for any case of failure or slightest injury to any purchaser. Every bottle guaranteed. —To ladies who introduce and sell among their friends 25 Bottles of Queen's Anti-Hairline, we will present with a SILK DRESS, 16 yards long silk. Extra Large Bottle and samples of silk to select from sent with order. Good Salary or Commission to Agents.
